

SANJANA DANAIT

Santa Clara, CA | +1 571 699 9656 | sanjana2397@gmail.com | [LinkedIn ↗](#) | [Portfolio ↗](#)

Product designer with 3+ years of experience designing enterprise data platforms, agentic experiences, and complex healthcare products. Specializes in systems-level UX for technically demanding domains, with a track record of shipping at pace, influencing product strategy, and driving measurable operational outcomes.

WORK EXPERIENCE

Product Designer II | Intuit, Mountain View, CA

Jul '24 - Present

Led end-to-end UX across three enterprise data platforms simultaneously - Data Access & Governance, Clickstream Instrumentation, and Data Discovery - shipping 16 features in 15 months serving Intuit's data, AI, and product workforce.

Data Access & Governance

- Redesigned how Intuit's workforce requests, manages, and governs access to data. Consolidated 4+ fragmented tools into unified workflows - reducing time-to-access from weeks to days and saving ~4,000 hours annually.
- Designed a Decryption Access workflow supporting 360K+ monthly PII key requests, cutting access time from 9 days to 3. Led Compliance Tagging design strategy that eliminated 85% of ineligible access denials.
- Authored the PRD for the Requests Management feature during PM absence; drove cross-functional alignment and shipped on time with a 25% reduction in manual resolution time for data access requests.

Clickstream Instrumentation

- Led UX strategy for Intuit's next-gen Clickstream Instrumentation platform - transitioning from manual tracking to an autotracking and AI-governed model. Designed AI Auto-Approval experiences that reduced the tracking plan review cycle from 2 weeks to under 1 day (600+ AI-assisted reviews in the first 60 days; 30%+ faster approvals).
- Co-authored the product strategy and PRD for the target-state Clickstream Studio platform; led Build vs. Buy vendor evaluation and produced vibe-coded FigmaMake prototypes that secured director-level alignment.
- Designed and shipped a Chrome Extension - enabling real-time, in-product event validation for PMs and analysts.

Design Leadership

- Regularly co-ordinate with cross-functional partners across Data Lake, Data Access, Data Processing, Governance, Legal, Security, Compliance, and Analytics teams simultaneously to finalize design workflows and ship features.
- Championed Design System adoption and established UX sign-off & UAT culture across all data platform tooling.

Product Design Intern | Intuit, Mountain View, CA

Jun '23 - Aug '23

- Conducted 20+ interviews with data analysts, ML engineers, and business analysts to map challenges in Intuit's internal data discovery and AI trust workflows.
- Designed and proposed Data Copilot - a GenAI-powered solution to enhance data discovery - creating user flows and 50+ high-fidelity prototypes. Presented final solution and product vision to 40+ leaders across the organization.

Product Experience Designer | Mindstix Software Labs, Pune, India

Jun '21 - Jun '22

Product Design Intern | Mindstix Software Labs, Pune, India

Mar '21 - May '21

Awarded Star Performer of the Year Certificate of Excellence in Jan 2022

Dental Practice Management SaaS Platform + Patient Portal | Healthcare Start-up: Archy, USA ↗

- Led the end-to-end design process from concept to launch by understanding business requirements, conducting user research, and creating 100+ low- to high-fidelity screen prototypes, helping the client secure \$10M+ in seed funding.
- Conducted competitive research and analyzed existing products to identify market gaps, driving feature ideation.
- Designed intuitive workflows to optimize complex domains like claims, billing, scheduling, medical imaging & EHRs.
- Collaborated with clients, PMs, QA and development team to drive UX reviews and ensure pixel-perfect delivery.

EDUCATION

M.S. Human Computer Interaction | University of Maryland, College Park

Aug '22 - May '24

Bachelor of Architecture | Academy of Architecture, University of Mumbai, India

Jul '15 - Oct '20

TECHNICAL SKILLS

Design: User Experience (UX) Design, User Interface (UI) Design, Product Design, Interaction Design, Visual Design, Information Architecture, Design Systems, Prototyping

Research: User Research, Contextual Inquiry, Surveys, Usability & Accessibility Testing, A/B Testing, Heuristic Evaluation

Design & Vibe-Coding Tools: Figma, Claude, ChatGPT, Cursor, V0, Builder.io, Lovable, Sketch, Miro, Invision, Adobe Creative Cloud (XD, Photoshop, Illustrator, InDesign), **Other:** Web Development (HTML, CSS), Amplitude, MixPanel
